

- The Call charge comparison uses the latest Signum rates.
 - Signum work with BT Openreach to manage or install your telephone 'lines'
 - Signum Fax2email services generally use a dedicated 08xx number, all inbound faxes then arrive as an email. Charges are annually in advance
 - There may be extra services like DDI, calling features etc that have not been recorded, we will use BT Retail rates as a guide if retained on transfer.
 - Rates for calling mobiles does not guarantee CLI [your number] delivery to the mobile called, CLI delivery is available.
 - Rates to routes where there is no significant difference [+ve or -ve] are not Included in the call rate analysis. i.e. 118 & 0845 etc.
 - Hosted services are provided and managed by Signum Corporate Communications Ltd.
 - 'Hosted services' where Signum assist in the management of the servers are backed up onsite to a separate drive within the same Data Vault.
 - We can arrange for even greater business continuity including managing your data at another site .
 - Mobile contracts are suggested following our understanding of your expected usage patterns.
 - Any ip-telephone system install will still allow access to Signum call savings..
 - Internal cabling between the phones & the router will need to be provided, We can help with this.
 - LAN based services such as bandwidth sharing, network management and file sharing are not included in this quotation, unless specifically identified.
 - To avoid security & capacity issues we recommend separate ADSL [internet] services for Data & Voice traffic
 - Signum will always seek to deliver quality, when providing products & services from other suppliers, their terms & conditions may apply.
 - The contract for ongoing maintenance & service is between your company & Signum Corporate Communications Ltd .
 - Std Service now includes remote engineer fault review & fix, plus installation of upgrades. Hosted/Managed servers are pro-actively checked & adjusted daily.
 - Signum operate a next [working day] replacement service, where possible, for faulty hardware returned to our offices.
 - 12 Month contract term [from start of service] thereafter renewable on 90 days notice. All prices are pre-VAT & assume payment by Direct Debit, 14 days after invoice.
 - This quotation supersedes all previous quotations..
 - The information in this quotation is given in good faith, your company needs to satisfy itself that the agreed set up will meet your requirements.
 - Any 'Expected monthly savings' is our estimate based on our interpretation of the information supplied about your current set up.
 - Where contracted, Signum utilise the most effective tools to protect you against the effects of 'Badware', we will act to clear staff introduced attacks on an ad hoc basis.
- Signum Corporate Communications Ltd uses the trading style of Sempervox

I would like to contract Signum Corporate Communications Ltd to supply my company with the services identified in this proposal ;
